

D&D London Beyond COVID-19, new dining experience Operations Policy

D&D London understand that the health, safety and well-being of our staff and our guests is paramount whilst co-existing with COVID-19 in the new world.

We have a duty of care to all stakeholders and have developed new ways of working based on advice and guidance provided by the government, industry bodies and safety consultants, Food Alert.

These include, but are not limited to the following:

- Wellness checks are completed daily for all staff members and anyone displaying symptoms or pre-symptoms of COVID-19 will be excluded from the workplace.
- Shift patterns allow for staff to travel to their workplace outside of peak hours on public transport.
- All employees have been retrained in the correct frequency and method for effective handwashing.
- The number of employees on shift at any one time has been reduced in size to allow for physical distancing in the workplace.
- Personal Protective Equipment (PPE) is readily available and face coverings are worn by front-of-house employees whilst serving guests.
- We ask our guests not to visit our restaurants if they are displaying any symptoms of COVID-19, however mild.
- On arrival to our restaurants, guests are asked to sanitise their hands before being seated.
- The layout of all of our restaurants has been adjusted to allow for physical distancing between guests.
- Our menu range has been reduced and simplified in order to allow us to operate with fewer staff in our kitchens at any one time.
- Enhanced cleaning regimes have been implemented, particularly for hand-contact surfaces, using chemicals which are known to be effective against viruses.
- A risk assessment has been completed and documented to demonstrate that we have looked at all COVID-19 hazards within the business and have introduced controls in order to operate safely.
